## PROFESSIONAL SUMMARY

Motivated Software Engineer and Full-Stack Developer with expertise in building responsive, scalable web applications using modern front-end and back-end technologies. Strong problem-solving skills, a passion for clean code, and a commitment to delivering high-quality software solutions.

## TECHNICAL SKILLS

**Languages & Technologies:** HTML5, CSS3, JavaScript (ES6+), C, C++, Python, PHP, MySQL

**Frameworks & Libraries:** Tailwind CSS, Bootstrap, Pandas, React.js , Next.js

**UI/UX & Design:** User Flow Optimization, Wireframing, Responsive Web Design, Cross-Browser Compatibility

**Tools & Version Control:** Git, GitHub, VS Code, Browser Developer Tools

## PROFESSIONAL EXPERIENCE

**Senior Software Developer** | *Linit Exports PVT LTD* **June 2026 – Present**

- Spearheaded the development of a ERP software, creating intuitive user flows from splash screens. And also use features like Excel export, Invoice generate etc.
- Optimized front-end components for maximum performance across a vast array of web-capable devices and browsers.

**General Manager**| *Ridham Medicare* **Jun 2024 – Dec 2025**

- Manage daily operations and staff of the company
- Lead the team and ensure smooth workflow.

## KEY TECHNICAL PROJECTS

**Manufacturing ERP System** | *React, Node.js, MongoDB* **2026**

- Engineered a comprehensive manufacturing costing and production data logging module tailored for industrial processes (forging, casting, ring rolling).Designed a dynamic relational database schema capable of tracking multi-stage processing rates and machine cycle times (VMC, CNC).Implemented a responsive dashboard featuring dynamic light/dark mode toggling and real-time JavaScript-driven form calculations.

**Inventory management system(IMS)** | *PHP, MySQL, HTML,* **2025**

*CSS, JavaScript*

- An Inventory Management System (IMS) project is a web-based or desktop application designed to automate tracking, managing, and maintaining stocked goods. It streamlines operations by tracking stock levels, purchases, sales, and vendor information, replacing manual processes with an efficient database

## EDUCATION & ACHIEVEMENTS

**Bachelor of Technology** |*Computer Science Engineering* **2023-2026**

*Parul University, Vadodara*

- Relevant Coursework: Advanced Web Technologies, AI, SDLC, Cloud Computing, Data science, Mobile Application

**Diploma in Engineering** |*Computer Engineering* **2020-2023**

*Gujarat Technological University, Rajkot*

- Relevant Coursework: Web Technologies, Data Structures, Algorithms, Database Management System, Network Security.

## Languages

- English, Hindi, Gujarati
